## Customs declaration form for PKU products

---

To avoid difficulties with customs due to the special food products or the amino acid powder, you can cut out this form and have it filled out and stamped by your family physician, metabolic center or pharmacist.

English:

-----

-----

suffers from

**phenylketonuria (PKU)**

She/he has to consume a very low-protein diet.

The diet includes special low-protein products such as milk, pasta, bread, biscuits, flakes and flour, which are not available in ordinary supermarkets.

In addition a phenylalanine-free amino acid mixture named

-----

is necessary as a protein substitute.
